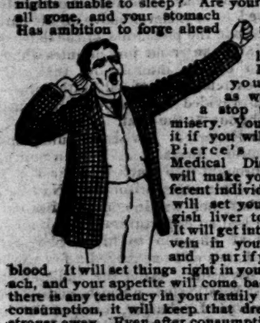
VOLUME CVI.--NO 88. ALEXANDRIA, VA., FRIDAY EVENING, APRIL 14, 1905. PRICE 2 CENTS.

DO YOU FEEL THIS WAY.

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your sluggish liver to work. It will get into every vein in your body and purify your blood. It will set things right in your stomach, and your appetite will come back. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about speedy cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose *advice is given free* to all who wish to write him. His great success has come from his wide experience and varied practice.



O. S. Copenhaver, Esq., of Mount Union, Huntingdon Co., Pa. (Box 222), writes: "About twelve years ago I was suddenly taken with a pain in the pit of the stomach which was so violent I could not walk straight. It would grow more severe until it caused waterbrash and vomiting of a slimy yellow water. A physician told me I had a form of dyspepsia and treated me for about six months with but little benefit. Another physician told me my liver was out of order and that I had indigestion. He gave me a treatment and I got some better but only for a short time. I then tried another one, who said I had chronic indigestion, ulceration of the lining of the stomach, torpid liver and kidney affection. He treated me for more than a year and I felt much better, but it did not last. I then took to using several widely-advertised patent medicines, but received no more than temporary relief. I then tried Dr. Pierce's medicines, using his 'Golden Medical Discovery,' and the 'Pleasant Pellets,' and in two months' time I was feeling better than I had for years before."

Don't be bheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good."

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out. Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

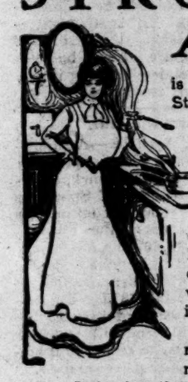
STRONG Again



is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol

Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

JUDGE PARKER SPEAKS.

Seven hundred democrats attended the Jefferson day banquet of the Democratic Club of New York at the Waldorf-Astoria last night. There were many men there of national reputation, and chief among these was ex-Judge Alton B. Parker, democratic nominee for President last November.

In the banquet room portraits of Jefferson were conspicuous. In addition to Mr. Parker the speakers were United States Senator Newlands, of Nevada; Mayor George B. McClellan, of New York; Congressman Henry T. Rainy, of Illinois, and J. J. Willett, of Alabama. Senator Carmack, of Tennessee, was the only one of those expected to speak who could not attend.

Mr. Parker was the first speaker and he was enthusiastically received. Frequently he was interrupted by applause. The speech was on the future of the democratic party and he made suggestions for harmony and urgent appeals against sectionalism.

Judge Parker began by stating he attended the dinner solely to commune freely with his fellow-countrymen who believe that the time-honored doctrines of the democratic party "as deduced from the great policies defined by the man whose birth we here commemorate, and established by the founders, are still true, still alive, still worthy of acceptance and devotion and still necessary if our institutions are to be maintained in their early vigor and purity."

After speaking of the democratic defeats between 1860 and 1876, "when a great wrong which was far-reaching in its effects upon morals and justice left the party in a minority for another eight years," Judge Parker referred to the political complexion of the South saying:

"Surprise is sometimes expressed that the South has remained solid, and yet no student, whatever his prejudices, could overlook the fact that in politics there is a sense of gratitude, not for favors expected, but for unselfish and commanding services to humanity. Indeed, nothing in all the recorded history of mankind has been more pathetic, more heroic, more deserving of admiration and sympathy than the attitude of the South since 1865. As fate would have it, their defeat in war was the smallest of their woes because it could neither threaten nor bring dishonor. But the new contest—with partisan rancor, with military power, with theft and robbery, with proverty and the enforced domination of a race lately in slavery—forced as it was without time for recovery, and that, too, in their own homes, required a courage little less than superhuman.

"Maintaining the struggle with the one great and almost insoluble problem of our time, working under the most serious difficulties, courageous in the face of many disconragements, these people have manfully represented the hopes, the ideal and the traditions of their country and the logic as well as the heroism of our national history. If any man is so foolish as to ask why the democratic party has been true to the South in its time of trial, and why this attachment has been requited, it must be because he knows little of history and less of human nature."

In speaking later of proposed reorganization of the democratic party Mr. Parker said:

"From time to time much idle talk is indulged in about the organization or the reorganization of the democratic party. This is to forget two things. The first is that when a party has an idea and a policy which makes appeal to half the people they will not be long in getting together to promote this idea and this policy.

"The second thing to be borne in mind about organization is that it begins down in the smallest political units that compose our political life. A national committee cannot create itself; it cannot even perpetuate its own existence. Each member is dependent upon his own State for election or re-election. In order, therefore, to have an organization worthy the name we must arouse or rearouse down in every community that attachment to and interest in our higher politics which since the days of Jefferson have been the vivifying force of the party. This is only possible when the party stands for something, not some new fad, but the fundamental principles that underlie its life."

Woman Sentenced to Death.

The first woman ever condemned to death for crime in West Virginia received sentence at Clay Courthouse Wednesday from Judge Burdette, of the Circuit Court, in Charleston, W., Va. She is Mrs. Sarah Anne Legg, and the crime for which she was convicted was the murder of her husband about a year ago. She was found guilty last week, and a motion to set aside the verdict was argued by her counsel on Tuesday and Wednesday. Judge Burdette on Wednesday overruled the motion, and at once passed sentence. The woman will be taken to the penitentiary at Moundsville as soon as court adjourns, and there, unless granted an appeal or commutation of sentence, will pay the penalty of her crime with her life. When she stood up to receive sentence she had her little child in her arms. A strong effort will be made to secure commutation of sentence in case an appeal fails to save her.

CORDIAL INVITATION

ADDRESSED TO WORKING GIRLS

Miss Barrows Tells How Mrs. Pinkham's Advice Helps Working Girls

Miss Abby F. Barrows

Girls who work are particularly susceptible to female disorders, especially those who are obliged to stand on their feet from morning until night in stores or factories.

Day in and day out the girl toils, and she is often the bread-winner of the family. Whether she is sick or well, whether it rains or shines, she must get to her place of employment, perform the duties exacted of her—smile and be agreeable.

Among this class the symptoms of female diseases are early manifest by weak and aching backs, pain in the lower limbs and lower part of the stomach. In consequence of frequent wetting of the feet, monthly periods become painful and irregular, and frequently there are faint and dizzy spells, with loss of appetite, until life is a burden. All of these symptoms point to a derangement of the female organism which can be easily and promptly cured by Lydia E. Pinkham's Vegetable Compound.

Miss Abby F. Barrows, Nelsonville, Athens Co., Ohio, tells what this great medicine did for her. She writes:

Dear Mrs. Pinkham:—

"I feel it my duty to tell you the good Lydia E. Pinkham's Vegetable Compound and Blood Purifier have done for me. Before I took them I was very nervous, had dull headaches, pains in back, and monthlies were irregular. I had been to several doctors, and they did me no good.

"Your medicine has made me well and strong. I can do most any kind of work without complaint, and my periods are all right.

"I am in better health than I ever was, and I know it is all due to your remedies. I recommend your advice and medicine to all who suffer."

It is to such girls that Mrs. Pinkham holds out a helping hand and extends a cordial invitation to correspond with her. Her long record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass.

New Cure For Cancer.

All surface cancers are now known to be curable by Bucklen's Arnica Salve. Jas. Walters, of Duffield, Va., writes: "I had a cancer on my lip for years, that seemed incurable, till Bucklen's Arnica Salve healed it and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at E. S. Leadbeater & Sons' drug store.

Taking Desperate Chances.

It is true that many contract colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding cold and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cure of colds, can be had for a trifle? For sale by Gibson & Timman and W. F. Creighton & Co.

Won a Name of Fame.

DeWitt's Little Early Risers, the famous little pills, have been made famous by their certain yet harmless and gentle action upon the bowels and liver. They have no equal for biliousness, constipation, etc. They do not weaken the stomach, grip or make you feel sick. Once used always preferred. They strengthen. Sold by W. F. Creighton & Son, 924 Queen street.

Alexandria Gazette AND VIRGINIA ADVERTISER

FRIDAY EVENING, APRIL 14, 1905.

IN THE Gazette of April 5 there was published an article prepared by Mr. John S. Eggleston, the assistant to the attorney general of Virginia. A close reading of the article and comparing it with the constitutional requirements will disclose the reason for the payment in certain cases of taxes for 1902, as well as 1903-04. Persons who registered prior to January 1904 were in a measure in a class by themselves, and persons who registered since January 1, 1904, under Mr. Eggleston's construction (those who registered last May for instance) and were twenty-four years of age, should have been made to pay taxes for 1901-02 as well as 1903, at least this appears so; for Mr. Eggleston says to register now one must pay 1902-03-04 taxes and he appears to have warrant for his statement for section, 20 Article 1st of constitution says, referring to registration:

"That he has personally paid all State taxes assessed or assessable against him under this or the former constitution, for the three years next preceding that in which he offers to register." Now as it is held that the capitation tax of former years of $1 is, or was, called a poll tax, then to register last year, or to register this (provided a person is 23 years old), requires a payment of taxes under the old law. The distinction is shown by section 21 of the constitution, whereas a prerequisite to vote one has to pay all taxes assessed or assessable against him under this (not the former) constitution for three years next preceding &c. Next year, 1906, taxes under the former constitution for registration will not be required, for the plain reason that the only taxes then assessable for the preceeding years are for 1903-04-05, all under the new constitution. Mr. Eggleston says: "Every man will find the poll tax requirement governing his case explained in one of the four sections" in his article. The explanations are concise, but as to new voters it should be settled; and at once, what years are to be paid. A man becoming of age since February 1904 could not be assessed for 1904, but he can be assessed and pay for 1905, and one becoming of age since February 1905, cannot be assessed for 1905, but can pay for 1906 and register and vote—at least this appears to be what is required under the law as laid down in part first, section twenty, of the constitution.

FORTY YEARS ago tonight President Lincoln was fatally shot by John Wilkes Boothe in Ford's Theatre, in Washington, since which time two other occupants of the White House have met a similar fate. The murder of President Lincoln occurred at a time when the portion of the country he represented was rejoicing over the termination of the four years' war, and on the night following a period of festivity in this city when parades moved all the afternoon and illuminations and bonfires were in evidence at night. The rejoicing was suddenly changed into exasperation, and the running down and killing of Boothe and the arrest and speedy conviction of the alleged conspirators were matters of a few days. In their frenzy the authorities made many blunders, the most serious being the execution of a woman who, it was subsequently seen, had committed no capital offense. But all those things have long been matters of history, and nearly all who took prominent part in the proceedings reaped what they sowed, some coming to untimely ends.

SECRETARY TAFT has come to the conclusion that the best thing to do in the Venezuelan affair is just nothing at all. He announced yesterday that the affair was a closed incident so far as he was concerned, which means that he will allow matters to stand as they are until the President and probably Secretary Hay return to Washington. He will leave it to them to carry out the energetic policy the country was told all winter long had been decided on unless Castro came to terms in the asphalt affair The government is thus left in the rather ridiculous position of having made a bluff at an ultimatum and being called by having Castro reject the demand quite as peremptorily as it was made. The dropping of the controversy must be regarded as an admission that this goverment has been wrong throughout in the asphalt case. It will undoubtedly be so regarded by Castro. The only remaining step that should be taken is the recall of Minister Bowen.

THE British commission appointed to investigate the possibilities of cotton growing in British East Africa reports that the disinclination of the natives to work and the consequent inability of planters to get adequate labor makes the industry at present unprofitable. Indentured Chinese labor is suggested as the only solution of the difficulty. If the southern people were allowed to introduce Chinese labor their lands would supply cotton for the world.

IT HAS BEEN sensibly decided for the present, at least, that the United States cannot afford to resort to violence against Venezuela for the sake of the asphalt trust, so all the plans formed in this country and in Venezuela with a view to embroiling this government and breaking the peace of the American continent in order that the asphalt trust might pursue its lawless course have come to naught. Now the jingoes will probably get up another scare.

FOLLOWING the investigations into the methods of the beef trust, that trust has again advanced the prices of meat. Well, this is fishing season and people can afford to do with less meat.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., April 14.

The State Department has received an official report from Manila confirming the press dispatches that a Russian hospital ship has put into Saigon, Cochin China, with wounded sailor aboard. Notwithstanding reports received by the government to the effect that the Russian hospital ship put into Saigon with wounded aboard, navy officers here generally do not believe that an engagement has yet taken place. Although the dispatches disctinctly said "wounded" were aboard, it is believed here that the ship contained principally sailors who have fallen ill on account of Rojestvensky's long cruise in the tropics, with possibly some who may have been wounded as the result of an accident at target practice. It is pointed ont that had an engagement occurred a report of it would certainly have been received bofore this.

Briefs in the famous New York franchise tax cases have been filed in the Supreme Court of the United States and final argument thereon is expected to begin Monday. The cases are on the calendar for today, but others which have priority will probably consume all the court's time until today's adjournment.

Internal Revenue Commissioner Yerkes announced today that Collector Sommers would take charge of the internal revenue office at Alexandria, Va., as successor to Mr. Agnew, on May 1st.

Chairman Shonts, of the Panama Canal Commission, Engineer Wallace and Judge Magoon held a conference this morning on the labor proposition on the isthmus. On the basis that Japanese labor will be largely used, the best methods of getting the men and making use of them on the canal were under consideration. Already the commission has received numerous offers from contractors prepared to furnish any number of laborers required. Mr. Takihashi, of Seattle, talked with Mr. Stonts this morning. He represents a Japanese syndicate and told the chairman that his people were prepared to furnish from one to twenty thousand men.

The Department of Commerce and Labor will award a contract for building an island in New York harbor, southwest of Ellis island to the New Jersey Dock & Bridge Building Co., at their bid of $119,000. There were nine bidders in the field. The appropriation for the purpose is $150,500 and $250,000 more will be expended, when the island shall have been contructed, for the erection of a hospital for immigrants. The work of building or creating this island will be a comparatively easy task, as the water near Ellis island is quite shallow. Piles will be driven, and the new island will be made of cement, sand and stone. It will cover several acres.

The closing business session of the triennial convention of the National Women's Council was held this morning. Resolutions were adopted decrying the horrors of war and recommending arbitration and the dissemination of literature bearing on the purpose of the Hague Peace Tribunal. Resolutions were also adopted commending the movement on behalf of colored women in America, recommending the initiative and referendum as a step toward women's suffrage, advocating an equal moral standard for men and women, and looking toward cooperation between the council and all agencies investigating the divorce problem in America. A resolution protesting against the use of Indian trust funds for the maintenance of sectarian Indian schools was defeated.

A general alarm, bringing out all the engines in the downtown districts was sounded this morning on account of a blaze in the sub-basement of the Capitol, which was extinguished, however, by the Capitol employes before the arrival of the firemen. The fire started in a pile of waste paper near the engine room. The loss will not exceed $10.

The race meeting at Benning just closed was the most successful, from a financial point of view in the history of the Washington Jockey Club. Reports from the bookmakers show that they got none the best of it from a betting point of view. The horses ran consistently and 58 favorites won out of 117 races, almost one half.

George C. Cole, of West Virginia, has been appointed consul general at Buenos Ayres, Argentine.

The President.

Texline, Texas, April 14.—President Roosevelt leaves Texas and his wolf hunt more than ever in love with the life al fresco and the men like himself who enjoy and lead it. Yesterday evening at Frederick, he made a fitting finale to five days of solid fun. At the head of some fifty horsemen, he dashed through the streets of the little town, he and his companions swinging their hats and yelling like mad. His face was burned by the sun to a fiery red, but he was happy beyond words. After thanking the people of the town for letting him alone, and telling them of the wonderful courage and prowess of their fellow townsman, John Abernathy, who catches wolves alive, he retired to his car and sent for the newspaper men. To these he simply bubbled over in telling them of the good time he had.

Denver, Col., April 14.—Advices this morning from Southern Colorado says the snow is two feet deep in the locality of the President's camp and that the fall continues.

Alexander Desreches, a French Canadian, has confessed in Toronto that he murdered his wife and daughter at Penetanguishine, Ontario, yesterday. He declared his reason for committing the crime was jealousy and abuse. The Cunard line has made another break from the North Atlantic Steamship combine and another cut-rate war is at hand. It is understood that the Russian government has abandoned the intention of bringing Maxim Gorky to trial. The condition of his health and the fact that the evidence against him is no more complete than it is against hundreds of other Russians who took part in the disturbances of January 22nd, but who were not arrested for this change of plan.

The story published from the gold fields to the effect that about thirty deaths had occurred there from drinking doctored whisky, is not believed at Reno, Nevada. Hundreds of people, are returning from the gold fields panic stricken on account of an epidemic, which is prevailing there. Some persons who have returned call it black plague.

Mrs. Margaret Johnson, aged 69, is dead at Berkeley Springs, W. Va. She was a sister of Barbara Freitchie and witnessed the event at Frederick that made the latter famous in history. Mrs. Johnson was the last near relative of the Freitchie family.

Prince Henry of Bourbon died yesterday at Mentone. Heart trouble was the cause of death. The prince was the great-grandson of King Charles X of France.

Drowned in Bathtub.

The body of Mrs. Grace Loomis, who claimed to be the wife of Charles Loomis said by her to be a millionaire, was found in a half-filled bathtub in a fashionable boarding house in Michigan avenue in Chicago yesterday. The body was fully dressed and lay face down in the tub. Frequent threats made by Mrs. Loomis, that she intended to kill herself leave no doubt that the case is one of suicide. Domestic trouble is thought to have been the cause. From papers in the apartments the police learned that she was formerly the wife of a citizen of Denver. She was divorced from him six years ago. Other notes were addressed to Miss Mary L. Darling, Leadville, Col., thought to be a sister, and Mrs. Eva Bartlett, Oberlin, Ohio.

THE UNIVERSITY.

The concluding event of the inauguration of President Edwin A. Alderman as president of the University of Virginia, yesterday, was the banquet given last night by the General Alumni Association to the distinguish guests of the university. This was held in the rotunda, where Lafayette was twice dined.

In the absence of Dr. Thomas Nelson Page, president of the association, who is quite ill, James P. Harrison, of Danville, vice president, acted as toastmaster. On Mr. Harrison's right sat Dr. Alderman, Hon. C. P. Jones, rector of the university, with Dr. James B. Angell, of the University of Michigan; Senator Daniel and Henry T. Kent. Other guests were Governor Montague, Dr. Ira Remsen, of Johns Hopkins University; Senator Martin, Dr. R. H. McKim, Dr. Alphonso Smith, of the University of North Carolina, and Hon. Blewett Lee, of Chicago.

The following toasts were responded to:

"Alma Mater," Senator John W. Daniel.

"Our President," Dr. Alderman.

"Our Alumni," Henry T. Kent, of St. Louis.

"The Jefferson Memorial, Endowment Fund," Rev. Dr. Randolph H. McKim, of Washington.

"Our Sister Institutions," President James B. Angell, of the University of Michigan.

"Letters," Dr. Charles Alphonso Smith, of the University of North Carolina.

"Science," President Ira Remsen, of the Johns Hopkins University.

"Thomas Jefferson," Hon. Blewett Lee, of Chicago.

The speech of the evening was made by President Alderman who simply carried away his hearers and took their hearts by storm. His allusions to the members of the faculty was as tender and gentle as a woman and he held the attention of every person present during every second of his speech. In conclusion, he said; "I have the honor of announcing that I have received the following donations to the University of Virginia: Mr. Thomas Jefferson Coolidge of Boston, $50,000; Mr. Thomas Nelson Page, $8,000; Mr. James C. Carter, of New York, $10,000; Mr. Charles Broadway Rouss, $9,000; Hon. Elihu Root, $1,000; Mr. George Foster Peabody, $10,000; Mr. Francis Bartlett, $2,500; Mr. Joseph Bryan, $10,000; Mr. Samuel Spencer, $5,000; Mr. Humphreys, of St. Louis, $2,000; small donations, $7,500, and Mr. John D. Rockefeller, $100,000, making a total of $213,000 and, with Mr. Andrew Carnegie's $500,000, $713,000.

Dr. Alderman said that the million dollars was in sight, and that he was going after another million. His speech was greeted with cheers and college yells. Before the speaking began Mr. Harrison, toastmaster, asked all to rise and drink the health of President Roosevelt, who, he said, was President of North, South, East and West. It was drunk with honor.

At the banquet announcement was made that John D. Rockefeller had given $100,000 to the university as a memorial to the late Dr. J. L. M. Curry.

The torchlight procession last night was a magnificent affair.

President Alderman's inaugural address delivered yesterday afternoon was eloquent, forceful, scholarly. Tracing the foundation of the university "inspired by the genius of Thomas Jefferson, guided by the patient good sense of Joseph Cabell and heartened by the encouragement of James Madison and James Monroe," he said they had "dedicated it consciously to freedom for mind and soul to desire for knowledge and truth and to solemn faith in the justice and slow progressiveness of a democratic society.

"To this university," he said, "Thos. Jefferson is something more than a philosopher or a figure in a pantheon. He is a friend, a founder, a father. No university in the world—not Bologna, or El Ashar, or Oxford or Prague—is so intimately associated with so immortal a name. To us he inhabits his high hill forever, an unwearied, versatile, myriad minded old man, acquainted with glory and high station, a smile of faith forever on his lips, a passion for freedom forever at his heart, knowing men deeply and yet believing in them and having patience with them; subjecting everything, with thoughtful radicalism, to the test of their advancement; watching with patient eyes the slow rising walls of this university for their training, and counting that foundation the greatest in the sum of his vast achievement."

Bolling, one of the six men who is alleged shot Sheriff Poag, who turned States evidence. The men in some instances have been sent to their counties for safe keeping. The number of posses is increasieg and there is growing excitement because of the rapidly widening proportions given to the horror of the crime by recent developments.

Today's Telegraphic News

War in the East.

London, April 14.—A dispatch to the Central News from Tokio says that a state of siege has been officially declared to have existed since April 13 within the harbor limits and in the vicinity of Makung, in the Pengu Islands and the Pescadores. A naval court of inquiry has also been created at Makung and a temporary naval prison established. The Pengu and Pescadores islands are located in Formosa strait, between Formosa and China. Makung is a fortified town on the largest island in the group. It has a good harbor, although it is not easily accessible.

On April 11 the Japanese government announced the closing of the harbor of Kilung, on the northern coast of Formosa, to all foreign vessels. The seizure of Kakung would seem to indicate that Admiral Togo is making it his new base and that he is watching the Formosa strait closely.

This locality was picked several days ago as the most likely scene of the coming conflict between the two fleets in case Admiral Rojestvensky tries to make for Vladivostok without going outside the Philippines into the Pacific.

The last reports from the Russian fleet show that it was then steaming northward through the China Sea, abreast of the Philippine Islands, evidently making toward the strait of Formosa.

Manila, April 14.—Rear Admiral Train received a report this afternoon from Saigon, French Cochin China, that the Russian hospital ship Orel, which arrived there yesterday, has on board a large number of wounded seamen.

London, April 14.—The Reuter Telegram Company says that the American naval authorities at Manila have received a telegram from Saigon stating that Admiral Rojestvensky's hospital-ship Orel arrived there at 3 a. m. yesterday, with many wounded men aboard.

Chicago, April 14.—A special dispatch to the News from Saigon, Cochin China, received last night says: "Rojestvensky's hospital ship arrived here last night to take on board provisions, coal and medicines. It will leave tomorrow at midday to rejoin the main squadron." If the reports about wounded seamen being aboard the Orel are true, it will indicate that a battle of some sort must have already been fought. The dispatch to the Chicago News makes no mention of any wounded men.

Tokio, April 14.—The navy department denies that any engagement has been fought off Saigon.

St. Petersburg, April 14.—The naval general staff, says that the hospitalship Orel arrived at Saigon, as reported, but declares that she has no wounded seamen aboard.

St. Petersburg, April 14.—General Linevitch reported today that the Russian cavalry has destroyed the Japanese telegraph outposts near Chantufu and Kaiyuan. The dispatch does not tell of any fighting by the present armies in Manchuria. Chantufu and Kaiyuan are towns in the direction of Harbin, a short distance north of Tieling, from which the Russians began their retreat to the north after the battle of Mukden. The dispatch is taken to indicate that the Russian cavalry forces have become very active. To reach the points mentioned, the cavalry must have penetrated far to the rear of the Japanese main column. The cavalry must also have moved far from its own lines, through which the enemy is supposed to dominate, as the main Russian position is many miles from the neighborhood of Kirin along the railroad west to the direction the greater part of the army moved in its retreat.

Execution of Murderers.

Paterson, N. J., April 14.—Arthur Laster, colored, the condemned murderer of Max Woollenberg, was hanged in the county jail at 9:08 this morning. He walked to the gallows without any demonstration. He professed the Roman Catholic faith and was attended by Fathers Freeman and Felix. He maintained his innocence to the last. The hanging was conducted by James Van Hise and his son, of Newark. Joseph Miller was hanged at 9:42. Laster was a half breed and desperado of the worst character. He shot and killed Max Woollenberg, a merchant of Paterson, last June. Laster attempted to steal a satchel from Woollenberg's store, and was detected. Laster pulled a revolver and shot Woollenberg, but not before an alarm was sounded. In his flight Laster shot a policeman named Henry Vanderhoof, badly wounding him. He was later apprehended in a house in the suburbs of the city. His trial and conviction speedily followed. Last Sunday Laster overpowered a keeper and, seizing a revolver, started for Joseph Miller's cell to release him. Miller refused to leave his cell. Two reserve officers made a rush for Laster, and he shot officer Perry. He was overcome and manacled and taken to another cell.

Miller killed Mrs. Celine Stewart, a young married woman, by hacking her to death in her home at Midvale, near here, on September 30 last. Miller was arrested because of his suspicious actions and certain incriminating evidence was found in his home which convinced the jury of his guilt. Miller was a degenerate and several times had attempted criminal assaults on women. Miller was a negro.

Joseph Miller, also colored was hanged for the murder of Mrs. Celine Stewart He was led out after Laster's body had been removed. Miller walked firmly to the scaffold and was accompanied by Rev. Dr. Scarborough. The trap was sprung at 9:43, and the body was allowed to hang for ten minutes. Miller also refused to confess his crime. Neither Laster nor Miller was allowed to make any statement on the gallows. The double hanging was the first affair of its kind in this State.

To Be Reinforced.

Paris, April 14.—It is stated that a French naval division in Chinese waters is to be reinforced shortly and placed under the command of an admiral. The reason for increasing the strength of the squadron in these waters is not given, but the announcement has occasioned a great deal of conjecture in naval circles.

Opening of Baseball Season.

New York, April 14.—The official date set for the opening of the baseball season in the National and American Leagues dawned fair, and gives every promise of remaining so until the New York and Brooklyn National teams, which open the season in Greater New York, meet the Bostons and Philadelphias this afternoon. A great turn out of fans is expected at the polo grounds this afternoon to see the Giants hoist the championship pennant the first the team that roosts in Harlem has won in fifteen years. Mayor McClellan and other officials will be on hand to participate in the ceremonies. The Seventh Regiment band will furnish the music.

New York, April 14.—Harry C. Pulliam, President of the National League of Baseball Clubs, made this statement on the opening of the baseball season to the Publishers Press Association:

"This is the beginning of the thirtieth year of the National League, and the indications point to the most successful season that the league has ever had. The teams are all in the best of condition, as the result of their Southern trips, and the prospects of a keen pennant race are most promising. Everything will be done by the officers to keep the game a clean one, and free from rowdyism.

Philadelphia, April 14.—Fair weather insures a record breaking crowd at the opening game of the American League season this afternoon at Columbia Park, between the Athletics and the world's champion Boston team. President Ban Johnson, of the American League, "Pop Chadwick," the father of baseball, and Mayor Weaver were guests of President Benjamin Shibe and the Mayor will toss the first ball onto the field.

Chicago, April 14.—The pent up enthusiasm of some 75,000 base ball souls will blow the lid off the vent hole this afternoon when the American League inaugurates the championship season of 1905. The players are on tip-toe, ground to a razor-edge of fitness by their long training spiels, awaiting eagerly the clarion note of the umpire's call as a signal of commencing the momentous battles.

Cincinnati, O., April 14.—If the clouds roll away a record breaking crowd will witness the opening of the National League base ball season here today. Every reserved seat has been sold, and the enthusiasm is intense. For the seventh time the Cincinnati Reds and the Pittsburg Pirates will contend for the opening game. In all these clashes Pittsburg has been the victor, and Cincinnati will root for a victory today. Mayor Fleischmann will make a two minute speech before he orders the clubs to "play ball."

Cleveland, O., April 14.—The Cleveland Napoleons and the Detroit Tigers will not line up at the base ball park this afternoon for the opening game of the 1905 season. Snow this morning caused the postponement of the game, at which every indication point to a record breaking crowd. A light snow began falling early this morning, and continued until this afternoon. The opening game is scheduled for tomorrow, although very cold weater is predicted.

Spectacular Fire.

New York, April 14.—Five people were slightly burned or injured in a spectacular fire which destroyed a six story tenement early this morning at Nos. 29 and 31 Hester street. A semi-panic occurred in the crowded tenements in the district. The loss is estimated at $10,000. The injured are: Matka Barasowitsky, Louis Hincher, Max Swarta. Costantine Forasworck, Leon Forasworck. The flames communicated to a tenement in the rear of the building fronting on 63-65 Forsythe street, but were quickly extinguished. Public school No. 7, also caught on fire, but the flames were soon put out. Within half an hour the walls of the building fell, falling on the building No. 33 Hester street, and demolishing the two upper floors. In the panic which followed the cry of fire Max Swartz jumped five stories to the ground. He sprained his hand and back.

Invited to Deliver Address.

Paris, April 14.—Lewis Einstein, of New York, third secretary of the American Embassy at Paris, has been invited to deliver an address at the annual meeting of the semi-official society of Diplomatic History, which will be held in the foreign office on June 22. There will be three orators for this occasion, the others being the most distinguished historians in France. They are Frederick Masson, of the French Academy, and Count Emmanuel Harcourt. This is the first time an American has ever been honored with an invitation to speak at one of the society's meetings. Mr. Einstein, who is about to depart to London, where he has been transferred to the American Embassy, will return to Paris especially to keep the engagement.

Affairs in Rome.

Rome, April 14.—J. Pierpoint Morgan arrived here late last night from Naples in an automobile. The papers having announced his approaching arrival at the Grand Hotel, thousands of letters have arrived for him. The manager of the hotel complains of the constant flow of visitors who have been annoying him with requests to arrange for them to have interviews with Mr. Morgan.

It is stated that the Pope has expressed to several Italian politicians his desire to have an understanding with the Quirinal in regard to the regulation of the receptions to be accorded foreign potentates.

FITZHUGH LEE.

Full of Tragic Meaning

are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from this terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At E. S. Leadbeater & Sons, druggists; guaranteed; 50c and $1.00. Trial bottle free.

The Nan Patterson Case.

New York, April 14.—A surprise was sprung by the District Attorney's office today during the preliminary fighting in the trial of Nan Patterson. Judge Foster, on motion of District Attorney Rand, dismissed the indictments against Miss Patterson charging conspiracy. This was a great surprise to everyone including counsel for the actress.

Mr. Rand, in explanation of his action, to the court, stated that after mature deliberation he regretted the indictment of Miss Patterson for this crime, in view of the fact that an indictment for any crime would seriously injure her at the approaching trial for murder. The statement of Mr. Rand that he had made a mistake is generally believed to be a clever move on his part to preclude the possibility of the defense examining the grand jury minutes which contain certain information that will prove extremely beneficial to the prosecution provided it remains secret until brought out at the trial.

Nan Patterson, her sister, Julia, and the latter's husband, J. Morgan Smith, were brought into court from the Tombs with a dozen other prisoners. Nan Patterson's father was in court. Miss Patterson had an opportunity to speak a few words of affection to him. She also shook hands and exchanged a few words with her sister. After the indictments against Miss Patterson had been disposed of, Lawyer Limburger, counsel for the Smiths, made a motion that the district attorney be compelled to return letters and other documents seized from J. Morgan Smith and wife, in Cincinnati. The motion was denied. Arguments on a demurrer to the conspiracy indictments against the Smiths was taken under consideration and the pleadings of the Smiths, therefore, went over until Monday. Lawyer Limburger, in his argument, declared that the mere writing of a letter to Caesar Young by Julia, to the effect that Nan, her sister, was about to become a mother, did not constitute a crime, especially as it was not coupled with any request for money or assistance of any kind.

Explosion on the Sylph.

Norfolk, Va., April 14.—The Morgan liner El Cid arrived in Hampton Roads this morning towing the President's yacht, Sylph, upon which there was an explosion at sea in which two men were fatally scalded. The Sylph was returning to Washington from Florida waters, where she recently had aboard Mrs. Roosevelt and her younger children, who left the yacht and returned to Washington by rail some days ago.

The starboard boiler exploded yesterday, off Cape Hatteras. The Sylph signalled "Distress" to the steamer Otero, but it is said the signal was ignored. Later the Sylph was picked up by the El Cid. Captain Taylor Evans is in command of the Sylph.

Big Fire.

Springvale, Me., April 14.—The business part of this place was burned out this morning by a fire which started in the shoe factory of W. Fisher & Sons' Company. The buildings were destroyed but no lives were lost. The total loss is placed at $300,000. The Fisher factory was a wooden structure. The flames from the building leaped across the Mousam river and ignited and burned the wooden shoe factory of the Shaw-Goding Company, but which had been unoccupied for two years. In another direction the fire swept along the streets and burned into the centre of the business district, almost completely wiping it out, and destroyed many residences.

Beer for a Funeral.

Shamokin, Pa., April 14.—An undertaker yesterday sent a bill of expenses to Administrator J. P. McCormick, covering the recent interment of Stanislaus Zerykiewicz, who received fatal injuries in a figet with keepers of the Danville Asylum. He had $3,600 in a local bank The bill was: Casket and funeral, $185; sitting up with corpse, $5; refreshments and beer, $125; total, $315. The administrator and friends of deceased are objecting to the bill, and will endeavor to appoint an auditor to reduce it if possible. The refreshments were used in connection with a wake held over the corpse.

From Opulence to Penury.

Trenton, N. J., April 14.—Frank A. Magowan, one time a rich and influential manufacturer, twice mayor of Trenton, and once a strong possibility as a candidate for governor of the State, is now in a serious condition in St. Francis Hospital. The doctors say he was suffering from lack of food. Magowan staked his all upon the love of a woman, and became notorious through his escapades a few years ago. His former home, a palatial mansion, once the scene of gay and costly revelry, has been torn down to make room for less pretentious dwellings.

Distress in Spain.

Gibraltar, April 14.—The drought in the division of Andalusia, Spain, is assuming alarming proportions. There has been a great scarcity of rain, and as a result the crops all through the season have been ruined. Thousands of people living in the various villages of the district are without work and are facing starvation. The distress is unprecedented. It is feared that serious bread riots will occur unless the municipalities inaugurate relief work of some kind, whereby the people can secure food.

Heavy Weather on the Atlantic.

Dover, Eng., April 14.—The Hamburg-American line steamer Pretoria has arrived here, thirty hours late, in making the passage from New York. Captain Shrotter reports that the vessel encountered very heavy weather in crossing the Atlantic which delayed her. Some idea of the fierceness of the sea met by the liner is given in the report which says that on one day she made only 139 knots.

General Fitzhugh Lee called on Gov. Higgins in Albany, N. Y., this afternoon in the interest of the Jamestown exhibition. General Lee will address a joint session of the Senate and Assembly some day next week. The State will be asked to make an appropriation for representation at the exposition.

New York Stock Market.

New York, April 14.—Although Union Pacific did not have so great a rise during the first hour as several other of the leading issues, the trading in it was regarded as of the utmost significance, and was considered the real keynote of the entire market. The borrowing demand continues as large as ever. The stock market opened excited and higher. Bull points are circulated on American Agricultural-Chemical common, and it is asserted that arrangements have been made for sharp upward movement in that stock.

River Notes.

A heavy fog hung over this vicinity this morning. Steamers on the river kept their whistles blowing for some time.

The schooner Goldie C., with lumber for Colonial Beach, and the barge Farmer's Friend for Fort Washington, loaded by Smoot & Co., have sailed.

The lighthouse tender maple will be employed for the present in replacing the buoys in the Georgetown, Eastern branch and river channels in this vicinity. She will be engaged for several days upon the work.

The work of deepening the channel into Nomini creek, which was commenced several weeks ago, but was interrupted by the breaking down of the dredging machine Chesapeake, has been resumed, the Maryland Dredging and Contracting Company, contractors for the work, having sent the big dredge Baltimore to Nomini, and she has started work there. The Nomini channel which is to be dredged to a depth of ten feet at low water, is used by sailing vessels and by the steamers running from this city to river points.

Bartram N. Stuart, of King George county, has been appointed assistant keeper of Love Point light station in place of Andrew Simonsen, transferred to Point No Point as keeper.

Complaint is made that the light on the wharf at Fort Hunt is not kept burning at night and that several vessels have recently narrowly escaped collision with the wharf, which extends out to the channel of the river.

Reception at the Synagogue.

There was a large and representative gathering at the Jewish synagogue, on north Washington street, last night, the occasion being a reception tendered the officers of the National Women's Council, now in session in Washington, by the local council. Mrs Max Rosenfeld, president of the local council, presided. Those who spoke were Mrs H. O. Solomon, of Chicago, president of the National Council; Mrs. H. Rosenberg, of Pittsburg, vice-president; Miss Sadie American, of New York, secretary; Miss Steiman, of Toledo, chairman of the committee on education; Mrs. Hillman, president of the Washington council; and Miss Hattie Abrams, secretary of the Washington council These addresses were interesting and instructive and showed the wonderful and meritorious work done by this organization. Representatives of all ecclesiastical organizations of the city were present, and the assemblage was greatly interested in the proceedings. During the evening the following vocal selections were rendered: "Fear Not Ye, O Israel," by Miss Flora Bernheimer, of Washington; "Your Voice," by Mrs. Herman Friedlander; "The Plains or Peace," by Mr. Robert Wenzel, and "Sweet Saloma," by Mr. P. F. Downey.

On next Sunday the chiefs, warriors and braves will assemble and make preparations to start on the trail Monday in order that their tepees may be properly pitched and guarded for a general powwow on next Thursday night in which long and short talks will be in order and the general welfare of the tribe considered as soon as the camp fires are lighted.

Organ Recital.

There was a large attendance at the Second Presbyterian Church last night where an organ recital was given by Mr. S. Frederick Smith, of the Washington College of Music, organist of the Mount Pleasant Congregational Church. He was assisted by Mr. Harrison L. Moore, tenor, of Washington. The following was the programme:

Greeting to Pastor.

The M. E. Church South was crowded last night with members of that denomination and others who had gathered to witness the ovation given by the Epworth League and others of the church to Rev. J. P. Stump, who has recently been reappointed to the church in this city, as well as to Rev. Dr. J. S. Hutchinson, the new presiding elder of the district. The address of welcome was delivered by Mr. E. C. Graham in an impressive manner, and the responses by the reverend gentlemen were equally so. The programme of exercises, published in yesterday's Gazette, was well rendered, all who took part acquitting themselves in a creditable manner.

The New Depot.

The work of constructing the new union depot, a short distance beyond the western limits of the city, will, it is said, be pushed within the next few days. The necessary stone, bricks, lumber, doors, &c., are now being placed on the ground. The foundation work has been completed, and the building of the structure, it is said, will consume but a short time.

The erection of the iron bridge over West End road is also being pushed to completion, and in a short time it will be opened to traffic.

Delayed Mail.

Some persons engaged in business in this city are complaining of the fact that mail matter in many instances is allowed to remain in street boxes over-night. It is said that letters placed in receptacles about 5 o'clock in the evening are not collected until the next day. The delay is said to be the result of the limited number of collectors and distributers, who, under the laws, work but eight hours. It is claimed that the transaction of business is being seriously hampered by present conditions.

Disorders in Chicago.

The strike in Chicago is still impeding the transaction of business in certain quarters of the city. While the peace conference was in session yesterday scenes of disorder prevailed on the streets. A caravan of three wagons bound for the northwestern freighthouse was stopped at Kinsie street bridge. Heavy planks had been placed across the structure at right angles and laced into trusses in such a manner that the planks could not be removed except by sawing.

While this was being done a wagon broke down near the bridge, evidently by a pre-arranged plan. A wheel came off and the harness broke. Around this wagon a large blockade formed, requiring half an hour to disentangle.

Charles Stubner, a nonunion driver for a piano house, was the cause of a clash between police and strike sympathizers in State street in the afternoon. He was assaulted while delivering a load of piano stools to Montgomery Ward & Co. Dragged from his wagon, he showed fight and was pounced upon. Policemen went to the rescue and the man's assailants fled. They were overtaken near Madison and State streets, the heart of the shopping district.

A mob hemmed in the police, and in a minute the whole thoroughfare was blocked with people and teams. A coal wagon, forcing its way through the crowd, tipped over a cab, throwing out a woman passenger. The crowd surged up and down, trampling each other and knocking down a dozen women, whose screams added to the excitement.

Two police officers were injured, one receiving a scalp wound and the other a cut on the shoulder. William Styles, one of the attacking mob, was struck on the head and his skull was fractured.

Fully 5,000 persons were in the crowd, many of them women and children. Pedestrians who found themselves caught in the disorder were helpless for a time. A few were able to get into stores adjacent, but the majority had to stand the jamming and shoving until police reinforcements dispersed or arrested members of the mob.

Calls Jefferson Fakir.

District Attorney William Travis Jerome, of New York, was the guest of honor at the annual banquet of the Chamber of Commerce at Syracuse last night. He spoke on "Idealism in Business."

"Too often," he said, "the idea of business is simply to make money. The joy of doing should be the inspiring thought. The statesman should believe in the people. I have called Thomas Jefferson a fakir, and I repeat it. He was a fakir because he pretended to be a democrat, when in reality he did not believe in the people. The political machinery of today makes a public career almost impossible unless you bow to the will of a political boss. There are no bigger cowards in the world than politicians. You can take them by the throat and shake them until their teeth rattle if you only have the nerve."

Draws Color Line in Church.

Segregation of the negro, so far as church congregations are concerned, is urged in an overture adopted by Washington Presbyterians on Wednesday. This overture, which will be acted upon at the coming General Assembly undoubtedly will be adopted, as it has been, indorsed by a majority of the Presbyteries.

The adoption of the overture Wednesday by the Washington Presbytery was preceded by an excited discussion. It was passed against the protest of Justice John M. Harlan, of the Supreme Court, and other influential persons by a vote of 41 to 23.

Rev. Dr. W. W. Radcliffe, pastor of the most aristocratic Presbyterian church in Washington, made a vigorous speech against such action.

"The word race is not in the constitution," said Justice Harlan, "and it should not be in the standards of the church."

Pretty Pastors.

Ministers who have their faces cared for by women masseurs do not meet the approval of the Rev. Robert A. Elwood, and he took occasion to express his views at a meeting in the Grand Opera House in Wilmington, Delaware. Mr. Elwood said Sunday that there was a young minister in Wilmington who recently was complimented on his personal appearance by members of his congregation, with the result that since that time he has been going twice a week to a female masseur to have still further improvements made to his looks. "The kind of massage that fellow needs is to have some one meet him on a dark night and make him look pretty with a closed fist," declared the Rev. Mr. Elwood. That certain local ministers pay too much attention to their looks and not enough to their duties was attested by the minister.

Coincident with the enactment of the Pennsylvania State law prohibiting the sale of cigarettes to minors has come an order from Superintendent Turk, of the Mohanoy-Shamokin division of the Reading Railroad, forbidding the smoking of the noxious roll in stations or in the coaches of passenger trains. Station agents and train hands are urged to a vigorous enforcement of the order, in the interest of the traveling public.

Seized Actress's Clothes.

While Miss Maxine Ford, an actress, was taking a bath in Chicago a constable entered her room and carted away all her clothing. She is now wearing borrowed raiment, and will continue to do so until Justice Everett decides whether she can get back her clothing, from the 12 suits of blue silk undergarments to the three picture hats. Meantime she will ride from her apartments to the theater in a closed cab. Miss Ford was splashing and ducking merrily in her private bath when the constable appeared with a writ of replevin sworn out by Miss Gertrude Hazen, who claims Miss Ford owes her $169. The constable knocked at the door of the outer room, but Miss Ford did not hear him, and finally he entered. "Who's there?" called the nymph from the bathroom, snapping the lock of the door. "My name is Jones," began the constable. "Good morning, Mr. Jones," called the actress; "if you'll just wait a minute—" "But I can't wait: I'm a constable. I've got a writ for your clothes." When Miss Ford was sure he had gone, she appeared in slippers and bath robe, to take a survey. Then, wrapped in her bedclothes, she called up her numerous friends. Everybody was willing to lend a little bit, and soon she had a temporary wardrobe.

Kirkman Dismissed.

Captain George W. Kirkman, of the Twenty-fifth infantry, has been found guilty of a number of serious charges by a court-martial at Fort Niobrara, Neb., and sentenced to dismissal from the army. The case is characterized by army officers as one of the most scandalous on record.

There are other charges standing against Kirkman, on which he will be tried May 10. These involve money irregularities and embezzlement, and, if found guilty, Captain Kirkman is liable to a prison sentence.

Captain Kirkman was alleged to have had unlawful relations with the wife of Lieutenant Louis B. Chandler, also of the Twenty-fifth Infantry, stationed with Captain Kirkman at Fort Niobrara.

He and Mrs. Chandler went to New York together and stayed in a hotel there as Lieutenant and Mrs. Chandler. Kirkman deserted Mrs. Chandler, leaving her alone in New York, with the hotel bill unpaid and without money. Mrs. Chandler went to Omaha, where she committed suicide.

Body Guarded by Black Cats.

Surrounded by six big black cats which had been her sole companions for several years, the body of Mary Recke was found yesterday in her bedroom, in the rear of 976 east One Hundred and Sixty-third street, New York. Mrs. Recke lived in three small rooms in the rear of her small candy and paper store. Yesterday, when Oswald Preiss went to the store with the woman's papers, he found the place locked up. This was unusual, and Priess notified Mrs. Charles Stein, the owner of the building. Mrs. Stein became suspicious and entered the apartments, and in one of the rooms she found the body of Mrs. Recke lying on a lounge. The body was surrounded by the six black cats, which refused to permit Mrs. Stein to approach. Dr. Riegelman, coroner's physician, was summoned. When he tried to get near enough to the body the cats flew at him, driving the physician out of the room. Mrs. Stein then procured a pail of water and managed to drive the felines far enough away to permit the physician to examine the body. After a few minutes' examination the physician said that death was due to heart trouble, and so notified the coroner's office. Assistant Coroner Henebury was then sent to the house to look after the body. When he attempted to enter the room he met with a similar reception to that received by Dr. Riegelman. Two policemen drove off the cats with their night sticks.

Chased to Roof by Sheriff.

Miss Mattie Thompson, in her efforts to prevent a deputy sheriff serving a summons to appear as a witness in the divorce suit of Mrs. Clarissa Mabbitt, yesterday, gave the officer a lively chase to the roof of an apartment house on Madison avenue in Baltimore.

The deputy went to the house and was told Miss Thompson would soon be down. Becoming impatient, the officer went to her room, only to find it vacant. A step-ladder leading to an open skylight gave him an inspiration, and he hurried to the roof. After dodging around several big chimneys he saw the flutter of a white grown and a moment later read the summons to Miss Thompson on the roof. The sheriff also had difficulty in finding other witnesses.

Radishes Absorbed Poison.

The family of Harry Paxton, of Connellsville, Pa., were poisoned on Sunday They ate of little round radishes. Mrs. Paxton and her mother, Mrs. Mary Lynch, become violently ill. Mr. Paxton, who ate only part of one radish, was also stricken. Dr. Hemmington, who was called, analyzed some of the remaining radishes, and found that they had absorbed paris green, which probably had been used to keep insects off the vegetables.

Plans to Get Rich

Serious Stomach Trouble.

I was troubled with a distress in my stomach, sour stomach and vomiting spells, and can truthfully say that Chamberlain's Stomach and Liver Tablets cured me.—MRS. T. V. WILLIAMS, Laingsburg, Mich.
